Consent Form for Screening for Vision Problems

On 1/27 a free vision screening will be offered to your child. The test consists of an instant scan (like a photograph) of your child's eyes to determine the possible presence of eye disorders. No physical contact is made with your child and eye drops are not necessary. The child simply looks at some blinking lights for about a second. Visit www.pediavision.com on-line to learn about the device if you are interested.

I, the undersigned, hereby give permission for my child, _____ to participate in the screening event. I understand the following:

1. There is no charge to participate in the vision screening process.
2. I will be contacted with the results.
3. The information obtained from this vision screening is to be considered a preliminary procedure only and does not constitute a diagnosis of vision problems.
4. I understand that I am responsible for arranging for a full eye exam with an eye care professional if my child is referred as a result of the vision screening test.
5. If my child is referred for further examination, I understand that I may be contacted by the Lions Club performing the screening to determine if I was able to obtain an appointment with an eye doctor or if I need assistance.
